 Financial Assistance Application 2023 – Life Skills and Job Training Program
 (This information may be verified by outside sources as deemed necessary)

A select committee is designated to review and award financial assistance that provides for a fair and equitable distribution of available funds while also maintaining the confidentiality and dignity of the families applying for funds. It is important to attach a personal statement highlighting what it means to your family to receive financial assistance for the program as well as any changes in family or economic circumstances over the past year that support your request. If a parent has lost his or her job, indicate the date unemployment began, the date unemployment will end, and the estimated financial cost of this change. If work hours were reduced, provide the estimated financial cost of this change. Highlight any other additional information pertinent to our decision making, so the full set of circumstances can be understood by the committee.

Application will not be reviewed unless all registration/enrollment forms and program deposits have been received.
